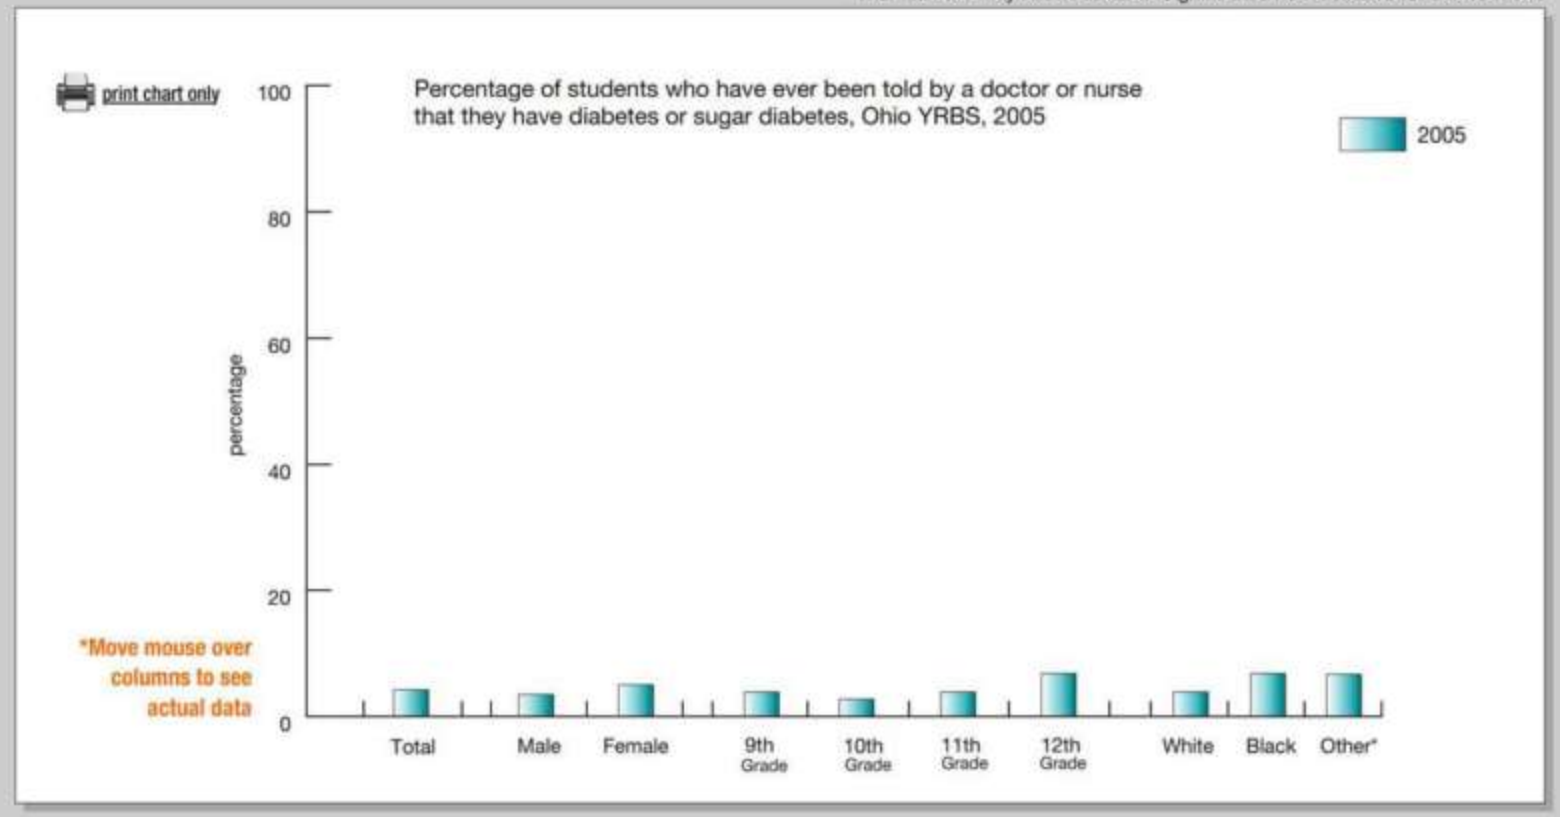
PREVENTIVE HEALTH CARE: Diabetes

Q96: Has a doctor or nurse ever told you that you have diabetes or sugar diabetes?

In 2005, most students reported that have not been told they have diabetes.

- 4.2 percent of students reported they have been told that they have diabetes or sugar diabetes.
- There were no significant differences in the percentage of students told they have diabetes or sugar diabetes by gender, grade level or race.

This question was not asked in 1999 or 2003.


*The estimate may not be reliable. Significance not assessed for this variable.
