FFY12/SFY13 Annual Progress Report and Determination

Clark County Early Intervention is determined as **Needs Assistance** for the second consecutive year**.**

APR Indicator Description and Results

The U.S. Department of Education established a target of 100% for compliance indicators. Ohio established statewide targets for performance indicators in the original State Performance Plan (SPP) submitted to the U.S. Department of Education's Office of Special Education Programs (OSEP) in December 2005. The following tables provide a summary of the state's as well as your county's results for each compliance and performance indicator. These data are considered to be preliminary, and are subject to change based upon feedback from OSEP regarding the Ohio APR. For each of the indicators, N/A denotes an item as "Not Applicable", meaning there were no data for that indicator.

Statewide Determinations Summary

Determinations Category	Number of Counties in Category
Meets Requirements	48
Needs Assistance	40

Counties were placed into the Needs Assistance category for the following reasons:

- County had a baseline percentage of less than 80% on any of the compliance indicators
- County missed targets in more than half of the performance indicators for which it had applicable data
