3701:1-56-07 Authorized use of special nuclear material.

(A) Each licensee shall confine possession and use of special nuclear material to the locations and purposes authorized in the license. Except as otherwise provided in the license, each license issued pursuant to the rules in this chapter, Chapter 3701:1-40, and rule 3701:1-38-02 of the Administrative Code shall carry with it the right to receive title to, own, acquire, receive, possess and use special nuclear material. Preparation for shipment and transport of special nuclear material shall be in accordance with the provisions of Chapter 3701:1-50 of the Administrative Code.

(B) The possession, use and transfer of any special nuclear material produced by a licensee, in connection with or as a result of use of special nuclear material received under the license, shall be subject to the provisions of the license and the regulations in this chapter.
