In 2005, the 125th Ohio General Assembly adopted language creating the Choose Life Fund. The Department of Health administers the Choose Life Fund which provides funding to organizations around Ohio that assist women who plan to place their children for adoption. The following criteria are crucial to a successful application:

- Is a private, nonprofit organization;
- Is committed to counseling pregnant women about the option of adoption;
- Provides services within the state of Ohio to pregnant women who are planning to place their children for adoption, including counseling and meeting the material needs of the women;
- Does not charge pregnant women for any services received;
- Is not involved or associated with any abortion activities, including counseling for or referrals to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising;
- Does not discriminate in its provision of any service on the basis of race, religion, color, marital status, national origin, handicap, gender or age.

II. DISTRIBUTION OF FUNDS

- The director shall allocate the funds to each county in proportion to the number of “Choose Life” license plates issued during the preceding year to vehicles registered in each county. The director shall distribute funds allocated for a county as follows:
 - (a) To one or more eligible organizations located within the county (entity must be physically present in the county to apply for funding);
 - (b) If no eligible organization located within the county applies for funding, to one or more eligible organizations located in contiguous counties (entity must be physically present in the county to apply for funding);
 - (c) If no eligible organization located within the county or a contiguous county applies for funding, to one or more eligible organizations within any other county (entity must be physically present in the county to apply for funding).
- The director shall ensure that any funds allocated for a county are distributed equally among eligible organizations that apply for funding within the county.
- Organizations that wish to obtain funding from the Choose Life Fund shall apply by June 1, 2017, for distribution of the funds. Interested applicants shall complete the application in accordance with the instructions.
- If the organization received Choose Life funds during the previous year, the organization shall submit with the application an audited financial statement verifying its compliance with this rule regarding the use of funds distributed to the organization during the previous year. If the organization does not traditionally have an audited financial statement and to have one would create a hardship, the organization may submit the expenditure tracking form or a notarized financial statement form.
- All unspent funds in excess of 10 percent of the previous year’s award must be returned to ODH by June 1, 2018.

III. UNALLOWABLE COSTS
