SOURCE OF FUNDS SUPPORTING GRANT:	
FUND	DESCRIPTION
392	Federal Public Health Programs

OVERALL ACTIVITIES COVERED BY FUNDS SOURCE:

1. Develop the regional poison control response plan component of Regional Public Health Plans, Regional Hospital Plans, Regional Medical Response System Plans and Metropolitan Medical Response System Plans. Coordinate with Public Health, Hospital, and RMRS regional coordinators; Participate in coordination meetings with and cooperate with hospitals, local public health departments, Regional Medical Response Systems, Metropolitan Medical Response Systems, volunteer pools, the ODH and other entities, as may be necessary, to effect a coordinated, comprehensive response to a bioterrorism or other mass casualty event; Provide technical information to health care providers; Enhance the capacity of Ohio's three poison control centers to deal with a surge in telephone calls; Demonstrate through performance the ability to transmit a HAN alert or advisory to hospitals within 30 minutes of receipt from ODH.

REVIEW CRITERIA USED FOR SELECTION:

This proposal was judged on the clarity and completeness of the application. The application is responsive to policy concerns and program objectives; contributes to the advancement and/or improvement of the health of Ohioans; is capable of attaining program objectives; estimates reasonable cost to the ODH; demonstrates that program personnel are well qualified; provides an evaluation plan, has demonstrated acceptable past performance; and will contribute to the enhancement of bioterrorism preparedness and readiness in the State of Ohio.
