OVERALL ACTIVITIES COVERED BY FUNDS SOURCE:

Funding will be grant for the purpose of improving surveillance, prevention and control of tuberculosis, which will enhance the Ohio Department of Health's mission to protect and improve the health of all Ohioans. Activities will help identify and appropriately treat all persons with active TB, provide appropriate follow-up to all their contacts, and provide targeted testing to persons at high risk for developing TB thereby working towards a TB case rate in Ohio of 1/1,000,000.

REVIEW CRITERIA USED FOR SELECTION:

All applications submitted for consideration were reviewed by the TB Controller and the assigned CDC Senior Public Health Advisor to the TB Program. Activities must be consistent with the goal of TB elimination, as specified in the CDC ODH TB Cooperative Agreement. Subgrantees are required to provide a brief report addressing the following elements of each objective or activity.

- A. Status (met, ongoing, or unmet)
- B. Major findings, significance of those findings (a description of how the findings impact or contribute to the public health goal of promoting health and quality of life by preventing, controlling, and eventually eliminating tuberculosis from the United States.
- C. Barriers encountered, and how the barriers were addressed
- D. If applicable, include the reasons that goals were not met and a discussion of assistance needed to resolve the situation
