Notes:

(1) In this presentation, date of diagnosis is defined as the date the specimen was collected by the provider.

(2) Rates are shown per 100,000 persons and were calculated using census estimates for 2016.

(3) Cases are included in the Other race category if multiple races are chosen or if the case did not fit into any of the listed categories.

Small numbers are unstable and should be interpreted with caution.

Provisional data. Numbers subject to change when additional information is gained.
