

Print Certificate of Registration

Select the Print Certificate button.

The Print Certificate button only appears when your record reflects a zero balance.

The screenshot shows the Ohio Department of Health website for X-Ray Registration and Inspection. The header includes the ODH logo and navigation links for Instructions, Home, and Logout. The main content area features a purple sidebar with the text 'Apply for a New Registration' and contact information for ODH. The main panel contains three buttons: 'Amend', 'Print Certificate', and 'Contact ODH'. Below the buttons is a form with the following information:

Identification	
Facility:	ABC Dental Associates Inc
Facility Type:	<u>Dental Office</u>
Reg #:	<u>02-A-04377-00</u>

Below the identification section is a section for 'Registration Dates'.

If a “Make Payment” button displays instead of “Print Certificate”, you have an outstanding registration renewal invoice.

If no button appears, we are processing your payment or you have an outstanding inspection invoice.

If you have recently made an online payment for a registration renewal or inspection invoice, the Print Certificate button will not appear until the payment has been posted to your account, usually in several weeks.
