51-249 patients	0
>249 patients	1
Dental OPTIONS providers	0
Safety Net Programs	0

### Health Professional Shortage Areas:

The entire county is designated as a geographic Dental Health Professional Shortage Area.

## Public Water Supply

- Population served by optimally fluoridated water - 2,718
- No PWSs provide adequately fluoridated water, except Hamden (pop. 955) and Vinton County Water Company (pop. 750). The largest PWS, McArthur (pop. 2,400), is non-fluoridating.

\* Due to the cluster sampling employed in the "Make Your Smile Count" survey, the precision of estimates based on small sample sizes cannot be reliably assessed. Therefore, these estimates should not be used for comparison with other counties.
