

TOBACCO: Cigarette Smoking—Two or more cigarettes per day

<< previous next >>

Q37: During the past 30 days, on the days you smoked, how many cigarettes did you smoke per day (2 or more)?

In 2005, most students reported that they did not smoke two or more cigarettes each day.

- 17.3 percent of students reported smoking two or more cigarettes per day on the days they smoked in the past 30 days.
- There were no significant differences in smoking two or more cigarettes per day on the days they smoked by gender, grade level or race.

Significantly fewer students reported smoking two or more cigarettes per day on the days they smoked in the past 30 days in 2005 (17.3 percent) than in 1999 (30 percent).

- This difference was significant for males, females and students in the ninth, 10th and 11th grades.
- There was no significant difference between 2003 and 2005.
