SOURCE OF FUNDS SUPPORTING GRANT:	
FUND	DESCRIPTION
3920	Federal Public Health Programs

OVERALL ACTIVITIES COVERED BY FUNDS SOURCE:

Programs must designate the majority (at least 80%) or all of their efforts toward comprehensive community-based prevention programming that will contribute to altering the public's knowledge, attitudes and behaviors related to sexual violence. The only permitted activity other than prevention efforts are activities related to operating a rape crisis hotline. Applicants could select between statewide projects, rape prevention education projects, or capacity building projects. Statewide projects are to provide statewide training, technical assistance, and coordination of networking for prevention programs. Rape prevention education projects are to provide prevention programming based on the spectrum of prevention, which includes working to strengthen individual knowledge and skills, promote community education, educate providers, foster coalitions and networks, change organizational practice, and influence policy. Capacity building projects are to allow Ohio's un-served and underserved communities to build capacity and community leadership to develop a public health strategic plan with activities that will prepare them for statewide prevention interventions.

REVIEW CRITERIA USED FOR SELECTION:

All proposals will be judged on the quality, clarity and completeness of the application. Applications will be judged according to the extent to which the proposal:

1. Contributes to the advancement and/or improvement of the health of Ohioans;
2. Is responsive to policy concerns and program objectives of the initiative/program/ activity for which grant dollars are being made available;
3. Is well executed and is capable of attaining program objectives;
4. Describes specific objectives, activities, milestones and outcomes with respect to time-lines and resources;
5. Estimates reasonable cost to the Ohio Department of Health, considering the anticipated results;
6. Indicates that program personnel are well qualified by training and/or experience for their roles in the program and the applicant organization has adequate facilities and personnel;
7. Provides an evaluation plan, including a design for determining program success;
8. Is responsive to the special concerns and program priorities specified in the request for proposal; and,
9. Has demonstrated acceptable past performance in areas related to programmatic and financial stewardship of grant funds.
10. Has demonstrated compliance to GAPP, Chapter 100.
11. Addresses observance to the Ohio Department of Health, Rape Prevention Program Standards and Protocols. Copies are available upon request from the Sexual violence and Domestic Violence Prevention Program.
12. Indicates that crisis intervention services outside of limited hotline services are not part the funded project including victim response training on how service providers should respond to victims of sexual violence will not be funded (i.e., hospital advocacy, law enforcement training, SANE training, judicial response).

Two agencies were funded for lesser amounts than they requested. These agencies applied for the capacity building projects, and included direct services as a part of their methodology. We are funding them at a lesser amount to complete their capacity building activities, to prepare them for statewide prevention interventions in future years.
