

Community Health Improvement Services

The following report is provided based on Ohio Revised Code §3701.981 which requires all tax-exempt hospitals to submit their IRS Form Schedule H to the Ohio Department of Health by July 1 annually. Additionally, hospitals were required in 2017 to submit current Community Health Needs Assessment and Implementation Strategies.

The Schedule H provided in 2017 is for the 2015 tax year and is compared to the 2011 national average due to a lag in nationally available data.

For additional information about a hospital's community benefit expenditures or community activities, see the Schedule H, Community Health Needs Assessment, or Implementation Plan available on the Ohio Department of Health's website or visit the hospitals website.

General Hospital Information

Hospital Name: Mercy Medical Center
Hospital System: Charity Health System
County: Stark
