

Epinephrine Autoinjectors in Ohio Schools:

A Train-the-Trainer for School Nurses

The Ohio Department of Health School Nursing program is pleased to offer this train-the-trainer program for nurses and other licensed health professionals.

The **goal** of this course is that nurses working in the school setting will be able to work with the school administration to implement Substitute House Bill 296.

The **objectives** for this course are that, once the presentation is concluded, the learner will be able to:

1. Describe the components of the Ohio epinephrine autoinjector law
2. Describe the components of training of UAPs to implement the epinephrine autoinjector law

To **register** for this course, please login to OhioTRAIN (<https://oh.train.org>) with your username and password. Search for course #1051726. If you do not have an OhioTRAIN account, please follow the instructions at that site to create one.

A nursing continuing education **certificate** for 1.8 contact hours will be awarded to nurses who have completed the following:

1. Pre-assessment (pre-test)
2. Taped training, "Train-the-Trainer for Nurses"
3. Taped training, "Training PowerPoint for School Staff"
4. Post-assessment (post-test)
5. Evaluation

There is **no charge** for this course.

This continuing nursing education activity was approved by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Approval status does not imply endorsement by the provider, ANCC, OBN or ONA of any products displayed in conjunction with an activity.

Speakers and planners have declared no conflict of interest. Speakers have indicated there will be no endorsement of products or recommendations of off-label use of products. There is no commercial support or sponsorship of this course.
