

Inspecting of Mobile food facilities has been enhanced. The facilities are still created in the same way at the local Health Department; from the Physical Location. Annual Licensing at the Health Department continues to work the same way.

Once permitted, the facility and it's inspections move to the Temp Vendor database so that other Health Departments can access the facility for an inspection.

Mobile Food facilities that are licensed by other Health departments can now be associated with a Special event by clicking on the Add mobile facilities on the event.

Event Details	
Event Name New Year Event	Expected # Of Vendors
Start Date 04-Jan-2014	End Date 06-Jan-2014
Health Office Summit County Health District	Sanitarian Anna-Marie Taves
PSD Akron E	Comments

Temporary Facilities		
<input type="button" value="Add Temporary Vendor"/> <input type="button" value="Add Mobile Food"/> <input type="button" value="Remove Facility"/>		
Name	Type	Licensee
<div style="border: 1px solid gray; height: 40px; width: 100%;"></div>		

If a Mobile Facility is going to be inspected outside of it's licensing Health Department, but not associated with a special event, a view has been provided to access the Mobile facilities in the All Programs view, Mobile Facilities/Central. From this view, the facility can be found, an inspection created, however no billing may be done from this view.
