

3701-25-15

Sleeping quarters.

- (A) All permanent sleeping quarters which are provided by the operator shall be constructed and maintained in a safe condition, shall afford adequate protection against inclement weather conditions and shall be so located and maintained as to provide easy, unobstructed exit in case of fire or other emergency.
- (B) In permanent sleeping quarters which are provided by the operator, cots and bunks shall be arranged as to allow:
 - (1) Adequate cross ventilation;
 - (2) A minimum distance of five feet between heads of the sleepers; and
 - (3) A minimum distance of thirty inches between the sides of the beds. In instances where the thirty inch separation distance cannot be achieved, the operator may provide a permanent partition or other acceptable barrier between beds.
- (C) Articles of bedding and furniture which are provided by the operator shall be:
 - (1) Kept clean, free of insects and rodents, and in good repair;
 - (2) Provided with impervious, easily cleanable mattress covers, or the equivalent;
 - (3) Changed between campers, when soiled, and at least weekly, if sheets and pillowcases are supplied by the operator; and
 - (4) Equipped with guardrails attached to the upper bunks used by children to prevent occupants from accidentally rolling out of bed.
