Subject: Early Intervention Compliance for State Fiscal Year 2012 – Timely Receipt of Services

Date: May 23, 2012

The Bureau of Early Intervention Services (BEIS) began examining Early Intervention (Part C) Compliance data in March to determine statewide and county-specific compliance. These data will be reported to the U.S. Department of Education, Office of Special Education Programming (OSEP) in upcoming reports.

ODH/BEIS will continue to utilize a cyclical monitoring cycle. In other words, we will review all 88 counties in all three compliance areas (i.e., Transition Planning Conferences, Timely Receipt of Services, and 45-Day) over a three-year period. We will be examining Timely Receipt of Services (TRS) beginning in June.

Your county has not been selected to be included in the upcoming TRS analysis. Instead, your county was included in the Transition analysis that occurred in March. You should have recently received a memo with the results of this data analysis.
