

**If you have ever  
had a non-professional tattoo,  
non-professional piercing or  
injected drugs (even once)...**

**you may be  
infected with  
hepatitis C**

A circular graphic with a marbled border in shades of green, blue, orange, and red. The center is a light beige circle containing text in a black, typewriter-style font.

Hepatitis C is  
a serious liver disease.

Treatment is available.

For information about  
testing contact:

Ohio Department of Health
