

Get Ready to Get Vaccinated!

We've worked hard to update the way we buy vaccines to provide coverage for as many [county] residents as possible. We now work with health insurance companies to cover the cost. If you were eligible for free vaccines before you will probably still be eligible.

We currently work with the following companies:

- Anthem
- United Healthcare
- Medical Mutual of Ohio

To help us with this new process:

- **Please have your insurance card ready**
