

3701-21-22 Food choking.

- (A) The director of health shall provide standards detailing first aid techniques designed and intended for use by a person without medical training in removing food which has become lodged in the throat of a choking victim. The director shall provide the standards by printing them for distribution.
- (B) The food service operation shall ensure that the standards are readily accessible to the public and the employees of the food service operation.
