

3701-26-22

**Maintenance, control of insects, rats, mice and noxious plants.**

- (A) All park or camp buildings, sites and other facilities shall be maintained in a safe and sanitary condition at all times. The park or camp shall be properly drained and kept free of trash and debris. Park or camp roads and walkways shall be maintained to provide all-weather access and dust control.
- (B) Insects and rodent control measures shall be employed by the licensee whenever an insect or rodent nuisance exists.
- (C) The licensee shall reasonably control noxious plants such as poison ivy, poison sumac and other plants which could constitute a hazard to campers in public use areas.
