

3701:1-50-06 Exemption for low-level materials.

A licensee is exempt from all requirements of this chapter with respect to shipment or carriage of the following low-level materials:

- (A) Natural material and ores containing naturally occurring radionuclides that are not intended to be processed for use of these radionuclides, provided the activity concentration of the material does not exceed ten times the values specified in table 25-2 in appendix B to rule 3701:1-50-25 of the Administrative Code; and
- (B) Materials for which the activity concentration is not greater than the activity concentration values specified in table 25-2 in appendix B to rule 3701:1-50-25 of the Administrative Code, or for which the consignment activity is not greater than the limit for an exempt consignment found in table 25-2 in appendix B to rule 3701:1-50-25 of the Administrative Code.
