

3701:1-58-43

Use of sources for manual brachytherapy.

A licensee shall use only brachytherapy sources for therapeutic medical uses:

- (A) As approved in the sealed source and device registry; or
- (B) In research in accordance with an active investigational device exemption application accepted by the United States food and drug administration provided the requirements of rule 3701:1-58-17 of the Administrative Code are met.
